The site plan illustrates the layout of Chapin Medical Park. The main building, Chapin Medical Park, is a large purple structure located at the bottom. To its right is Lexington Health Chapin, which includes Lexington Orthopaedics and Sports Medicine and Chapin Family Medicine. Lexington Podiatry is also part of this complex. The Lexington Health Chapin building is surrounded by several yellow parking lots. Columbia Avenue runs vertically along the left side of the site. A large white curved line, representing a driveway or walkway, connects the Lexington Health Chapin building to the Chapin Medical Park building. There are also smaller yellow rectangular areas representing parking along the driveway.
